

DAVID SEERING

PERFORMER

David Seering's love for music began at age 3 when he started playing piano by ear. Over the years, he has developed his unique talents and received many accolades for his performances.

David is comfortable both behind the piano and in front of the orchestra, performing everything from the demanding music of Andrew Lloyd Weber to the smooth and easy big band sounds of Johnny Mercer. His ability to command the piano and sing everything from Frank Sinatra to Harry Connick Jr. to Elton John make his performances truly outstanding.
